SCREENSHOTS OF PROJECT

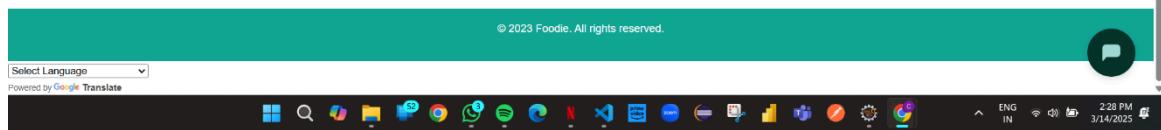

The screenshot shows the homepage of the Foodie application. At the top, there is a navigation bar with the title "Foodie" on the left and "Login" and "Register" buttons on the right. Below the navigation bar, the main heading "Welcome to Foodie!" is displayed in a large, bold font. A subtext below it reads "Order food from your favorite restaurants and get it delivered at your doorstep." A prominent orange button with the text "ORDER ! EAT !! REPEAT !!!" is centered on the page. The background features a blurred image of various food items.

The screenshot displays the "Features" section of the Foodie app. It includes three main service icons: "Chatbot Support" (represented by a robot icon), "Multilingual" (represented by a globe icon), and "Fast Delivery" (represented by a delivery truck icon). Each service has a brief description below it: "Get instant help with our AI-powered chatbot.", "Available in multiple languages for global users.", and "Quick and reliable delivery to your doorstep." respectively. The background of this section features a blurred image of a meal.

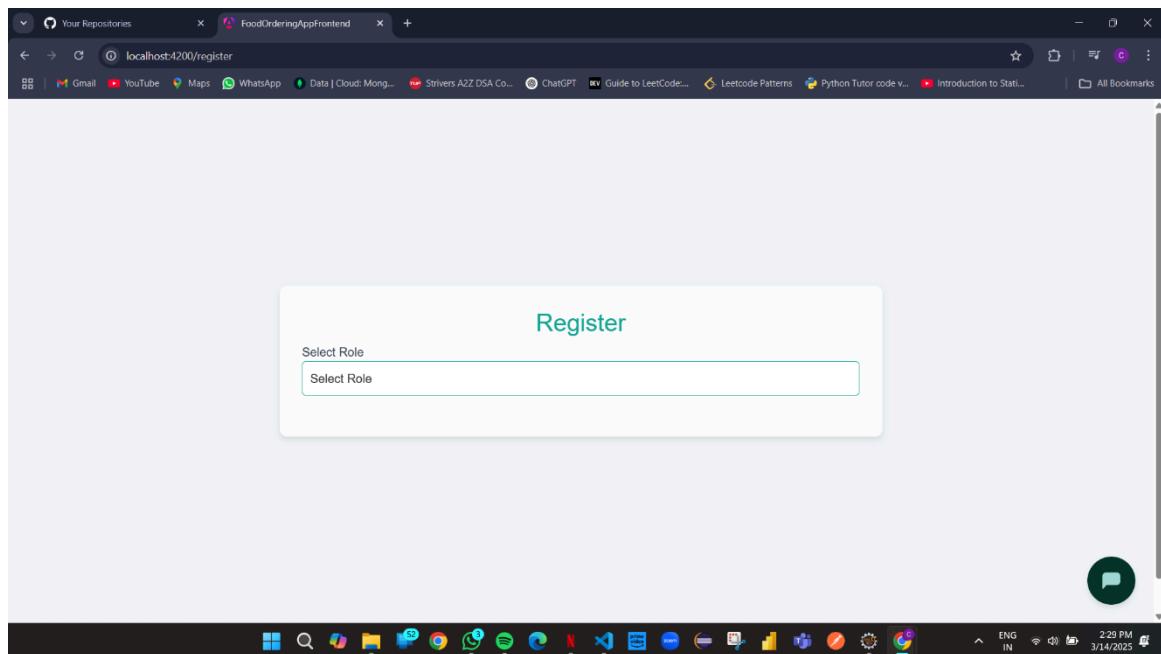

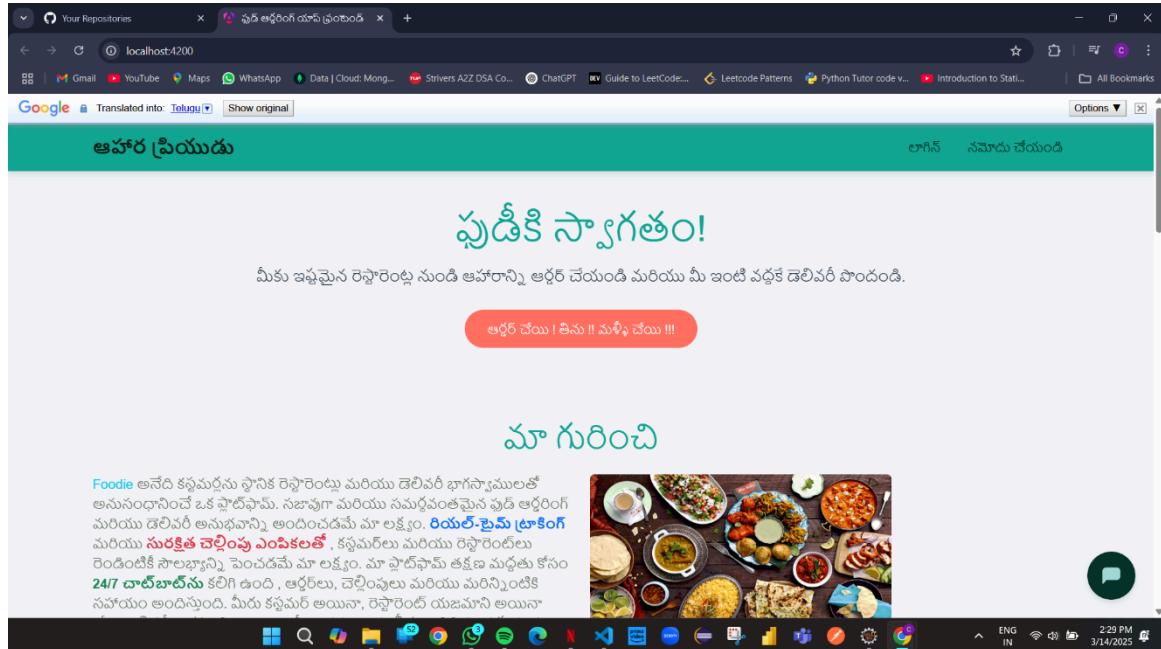

The screenshot shows a section titled "What Our Customers Say" on a website. It contains three testimonial cards:

- "Foodie is amazing! The delivery is always on time, and the food is delicious." - John Doe
- "I love the multilingual support. It makes ordering so easy!" - Jane Smith
- "The chatbot is super helpful. I get instant answers to my questions." - Mike Johnson

The screenshot shows a "Contact Us" section. It includes a message from the user: "Have questions? Reach out to us at support@foodie.com".

The screenshot shows the Foodie homepage with a teal header and a dark sidebar. The main content area features a "Welcome to Foodie!" heading and a "ORDER I EAT !! REPEAT !!!" button. Below this is an "About Us" section with a paragraph of text and a photo of various dishes. A floating window from "Zesti" is overlaid on the page, showing a conversation with the AI assistant. The Zesti window has a dark background with white text and a circular profile picture.

The screenshot shows a web browser window titled "FoodOrderingAppFrontend" with the URL "localhost:4200/register". The page has a light gray background with a white registration form in the center. The title "Register" is at the top. A dropdown menu labeled "Select Role" is open, showing "Customer" as the selected option. Below it are six input fields: "Full Name", "Email", "Password", "Phone Number", "Address", and "City". The "City" field has a small downward arrow icon indicating a dropdown. The browser's address bar shows "localhost:4200/register". The taskbar at the bottom includes icons for various applications like File Explorer, Task View, and Control Panel.

ENG IN 2:34 PM 3/14/2025

The screenshot displays a web browser window for a food ordering application. The URL in the address bar is 'localhost:4200/customer/checkout'. The page content includes two food items: 'Fried Rice' (Vegetable Fried Rice) and 'Chicken Nuggets' (Crispy Chicken Nuggets). Each item has a small image, a name, a description, a price ('Rs.8.99/-'), and a 'Quantity' field set to 1. Below the items are sections for 'Delivery Address' (flat no-202, Travis Heights, Bandlaguda, Nagole, Hyderabad, 500014) and 'Payment Method' (set to 'Cash on Delivery'). A bold 'Total: Rs.59.95/-' is displayed. At the bottom is a large green button labeled 'Confirm Order'. The browser's toolbar at the top shows various icons like Gmail, YouTube, Maps, WhatsApp, etc. The taskbar at the bottom of the screen shows several pinned application icons.

The screenshot shows a web browser window with the title "FoodOrderingAppFrontend" open at the URL "localhost:4200/customer/order-tracking". The page displays an "Order Tracking" section with "Order Details" and a "Delivery Address".

Order Details

Biryani (x2)	Rs.31.98/-

Fried Rice (x1)	Rs.8.99/-
Chicken Nuggets (x1)	Rs.7.99/-
Total: Rs.59.95/-	

Delivery Address

flat no-202,Travis Heights,Bandlaguda,Nagole,Hyderabad,500014

Order Status

A screenshot of a web browser window titled "Food Ordering App Frontend". The address bar shows "localhost:4200/restaurant". The main content area displays a "Restaurant Dashboard" with three tabs: "Menu", "Orders", and a red "Logout" button. The dashboard includes sections for "Popular Items", "Top Selling Items", and "Customer Feedback". A sidebar on the left lists categories like "Home", "About Us", "Contact Us", and "Log Out". The bottom navigation bar has links for "Home", "About Us", "Contact Us", and "Log Out".

Welcome, Restaurant !!!

A screenshot of a restaurant management software interface. At the top, there are two main sections: 'Manage Menu' on the left and 'View Orders' on the right. Both sections have a title, a brief description, and a large orange button labeled 'Go to [Section]'. Below these sections is a language selection dropdown menu with 'Select Language' and a 'Powered by Google Translate' link. In the bottom right corner, there is a dark circular icon with a white speech bubble symbol. The taskbar at the bottom of the screen shows various application icons, and the system tray in the bottom right corner displays network status, battery level, and the date/time (9:19 PM, 3/17/2025).

The screenshot shows a web browser window with three tabs: 'Document 1 (4).pdf', 'GitHub', and 'FoodOrderingAppFrontend'. The active tab displays the URL 'localhost:4200/restaurant/menu'. The main content area has a title 'Orders for Nethaji's'. It shows two orders:

The screenshot shows a web browser window titled 'Delivery Staff Dashboard' with the URL 'localhost:4200/delivery-staff'. The main content area has a title 'Welcome to Your Delivery Dashboard' and a subtitle 'Manage your deliveries efficiently and stay on track!'. It features three statistics boxes:

- Pending Orders:** 12
- Completed Orders:** 45
- On-Time Deliveries:** 5

Below the statistics are two buttons: 'VIEW AVAILABLE ORDERS' (pink background) and 'VIEW DELIVERY HISTORY' (black background). A quote at the bottom reads: "Deliver happiness, one order at a time!"

The system status bar at the bottom shows the date '15 March 2025', time 'Sat 10:51 (Local time)', and weather '29°'.
